

Special Education FormMatrix 2.0 Pricing Information

The cost for purchasing an unlimited Special Education FormMatrix software site license is based upon the student enrollment of the school district or agency and the additional customization requested.

District/agency student enrollment	Base cost
up to 999	\$1,500
1,000 - 4,999	\$2,000
5,000 - 9,999	\$3,500
10,000 - 14,999	\$5,000
15,000 - 19,999	\$6,500
20,000 - 24,999	\$8,000
25,000 - 29,999	\$9,500
+ 30,000	\$11,000

An **unlimited site license** allows the district/agency to copy and distribute the software without limitation for use by its employees.

The **base cost** includes the following customization and support:

- Add district/agency letterhead (name, address, phone) to all forms and reports
- Add name, address, telephone number, and fax number of all district/agency schools
- Add school names to appropriate menu lists
- Specify cities and zip codes for menu lists
- Remove “Sample” text from all printable forms
- For an elementary district, remove information, menus, and forms specific to high school
- For a high school district, remove information, menus, and forms specific to preschool and elementary school
- Set up default district password
- Unlimited site license
- Email technical support: support@seformmatrix.com
- Online technical support: <http://www.seformmatrix.com/support.htm>
- One day of staff training (two 3-hour training sessions)

-
- Discounts are available for districts in low income communities.
 - Additional customization will be based upon work requested @ \$45.00/hour.
 - No annual maintenance fees.
 - No additional software or software site licenses required.
 - Any program errors identified within 90 days of purchase will be corrected at no charge.
